Our Charity Partners

The Human Rights Campaign and Human Rights Campaign Foundation fight to make equality, equity and liberation a reality for all lesbian, gay, bisexual, transgender and queer people. As the nation's largest LGBTQ+ civil rights organization, we drive impact by inspiring, engaging and mobilizing millions of pro-equality voters and supporters to elect pro-equality leaders and to demand equity-based policies and legislation; changing hearts and minds through programming that increases understanding, visibility and support for the diverse LGBTQ+ community in all aspects of our identities; and transforming the institutions and systems that shape our everyday lives by advancing LGBTQ+ inclusive policies and practices in schools, workplaces, hospitals, communities and beyond.

Making leather, kink, BDSM, and fetish accessible through research, preservation, education and community engagement.

Our Charity Partners

Philadelphia FIGHT Community Health Centers provide culturally competent comprehensive primary care, and state of the art HIV primary care to low-income members of the community, along with research, consumer education, advocacy, social services and outreach to people living with HIV and those who are at high risk, including family members, communities with high rates of HIV, formerly incarcerated persons, and young people at risk; and access to the most advanced clinical research in HIV treatment and prevention.

The mission of the Project HOME community is to empower adults, children, and families to break the cycle of homelessness and poverty, to alleviate the underlying causes of poverty, and to enable all of us to attain our fullest potential as individuals and as members of the broader society. We strive to create a safe and respectful environment where we support each other in our struggles for self-esteem, recovery, and the confidence to move toward self-actualization.

Always Free, Always Virtual, Always Inclusive - Lifestyle & Kink Education

Our Vision

To help foster the growth of thriving power exchange, service, and Leather communities by providing a greater understanding of critical soft & hard skills, mental health topics, and key relationship skills through free and accessible education.

Our Mission

To help create stronger and more cohesive power exchange, service, and Leather communities. Furthermore, to act as a ladder for those new to the lifestyle who may be just starting out or curious and to empower them with guidance, education, and community (while creating no barriers to them either geographically or financially). We also dedicate ourselves to learning more as well as welcoming feedback from our peers; education is a continuous and vital process.

Brian Oestmann

"We aren't who we want to be.
We are what society demands.
We are what our parents choose.
We don't want to disappoint anyone;
we have a great need to be loved.

So we smother the best in us.
Gradually, the light of our dreams
turns into the monster of our nightmares.
They become things not done, possibilities not lived."
